India's only

Do you know
who coined
the word
coin?

Don't use the
word 'thesaurus'.
Use its synonym
instead

I'm firm on
my new year's
resolution
It's 300 DPI!

Not
To
Do
List

Hurray!
at last I got the
word...I am
confidently
confused!

But this
time I sent
you blank
pages!

Your story
is full of
mistakes!

How can they
deny sick leave
to the health
reporter?
It is unfair!

May
someone
ask the tiger
to smile?

The next to
next to next
to next issue
ahoy!

Having too
many shares!
It's time to list
us on BSE

I love web
edition as it
reminds
me to clean
the cobwebs in
my home

Save trees,
stop reading

My map is
based on the
stars. For best
results use it on
cloudy nights!

Save the
planet,
promote
recycled
stories

I forgot
why I have
started
laughing

Forest
reporting has
influenced
my habits a
little bit

I'm getting
bored with
white
boards!

70 mm
column
width is OK
but what is
that dolby
digital?
